INFORMATION AND MANAGEMENT SUPPORT STAFF
WEEKLY REPORT FOR PERIOD ENDING 20 JUNE 1984

1. Progress Report on Tasks Assigned by the DCI/DDCI:

No tasks assigned during this reporting period.

2. Items or Events of Major Interest that have Occurred
During the Preceding Week:

a. DAS

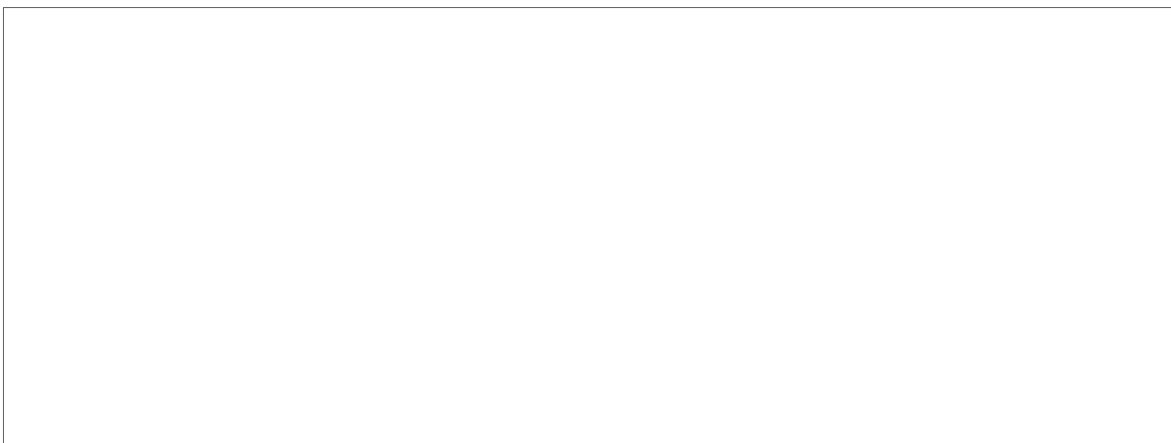

(1) A member of the Audit Staff/OIG has been reviewing the content of the property accountability feature, as programmed for the overseas personal computer. To date no problems have been identified.

(2) The first meeting of the newly formed Logistics System Division Engineering Review Board (LSD/ERB) occurred 15 June. Primary business involved a discussion of ICS, CONIF and GAS interrelationships and current tasks involved therewith. In particular, the alteration of ICS must become visible and well documented as it relates to LIMS contractor activities. The LSD/ERB provides a much needed forum for coordinating changes within these three major data bases.

b. Regulations

The following regulations were written, reviewed, commented upon, concurred in, or published during the past week:
